Responsibilities:

Mr. Flanigan has over 37 years of experience in all aspects of the elevator industry, including field and management. In new construction he started as a helper and worked his way to become a foreman running traction elevators and adjustor. He is proficient in the modernization and adjusting of hydraulic and traction elevators. He ran a repair route working on many different manufactures of escalators, hydraulic and traction elevators. He has been a superintendent then advancing to operations manager of all lines of business. He performed the duties of a branch manager and then District Service Operations Manager.
